

House of Rooks

The clandestine members of the House of Rooks make adept spies, assassins, and scouts, though

they might just as easily pick up jobs run by rogues and brigands. In addition to their suite of cantrips, Rooks are light on their feet and know a few tricks to magically open doors in utter silence.

ROOK STRIKE

Starting you choose this house at 3rd level, as a bonus action, you can gain advantage on the next spell attack roll you make on your turn. Alternatively, you can impose disadvantage on a saving throw a creature makes against a warlock spell you cast before the end of your turn.

Once you use this ability, you can't use it again until you finish a short or long rest, or you use a cantrip to reduce a creature to 0 hit points.

RASP

Starting at 3rd level, you can cast the knock spell at will without using a spell slot or spell components.

When you cast the spell using this ability, the casting time is increased to 1 minute and the spell is completely silent.

ARCANE ACROBAT

Beginning at 7th level, you can add your Intelligence modifier to all Dexterity checks you make.

Additionally, while you are conscious, you ignore falling damage from falling any distance shorter than 60 feet. Subtract 60 feet from the distance fallen when calculating falling damage from further drops.

FLEETING DECOY

At 10th level, as a reaction when you take damage from a creature you can see, you raise a defensive illusion to protect you from further harm. Attacks made against you have disadvantage until the beginning of your next turn.

ELUSIVE STEP

By 15th level, you're extremely difficult to pin down. If you move more than 15 feet on your turn, any additional movement you make does not provoke opportunity attacks.

FLASH OF FEATHERS

Starting at 18th level, you can vanish without a trace, slip behind enemy lines, and dive in for the kill. You can cast the invisibility spell once, targeting yourself only, without using a spell slot or spell components. While you are invisible, your movement speed is doubled, and you can make one attack or cast one warpage cantrip without ending the spell. Once you use this feature, you can't use it again until you finish a short or long rest.
