

Street samurai

The street samurai is a lethal mix of millennial combat techniques with cutting edge technology. It's hard to say where the natural body of the street samurai ends and where his cybernetic enhancements begin. He can be dedicated to the service of a single organization, like his shogun; or a freelance mercenary, like a ronin. In any case, the discipline and training of the street samurai detach him from the dishonored scum of the streets that vainly tries to face him.
